de Romanis

Endorsed by OCR and Eduqas, this popular Latin course for students aged 11–16 is breathing new life into Latin teaching and learning

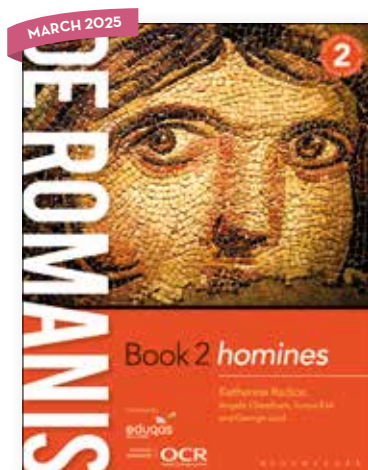

With the addition of a new Book 3, alongside revised editions of Books 1 and 2, *de Romanis* is a fresh and exciting Latin course that ensures students' progress from KS3 to GCSE Latin. It covers the full Latin GCSE requirements, and guides students through the skills needed to read original Latin works, preparing them to study the set texts at GCSE and into A Level.

“We introduced *de Romanis* to our Year 7s and 8s last year and have rolled it through to Year 9 this September. There has been a real buzz about the course. Not only are the students excited to learn the next crazy myth or story about the Romans but they are also so much more positive and confident about their Latin language knowledge. It's early days but we are already seeing signs that this will follow through into a welcome boost to our GCSE numbers next year.”

– Daisy Knox, King's Ely Senior, UK

What makes *de Romanis* so special?

- ✓ The flexible modular approach enables you to pick and choose the best route through the course for your students
- ✓ Language learning is split between Core and Additional to ensure effective differentiation
- ✓ Fun and varied exercises include word identification, word manipulation and source analysis to encourage wider discussion
- ✓ Two-way translation exercises, derivation tasks and grammar explanations develop key literacy skills, promoting the understanding of English as well as Latin
- ✓ Vocabulary is consistently consolidated, and the clear and systematic explanations of grammar encourage steady progress to GCSE and beyond
- ✓ Early introduction of Latin stories rather than isolated sentences builds student confidence from the start
- ✓ Chapter sections in Book 3 on the works of Latin prose writers and poets with translations provide full support for reading the original texts

WHAT'S NEW?

The second editions of Books 1 and 2 have been revised throughout based on teacher feedback:

- Chapter introductions and core language sections are more accessible
- You will find new boxes to offer opportunities for quick practice and enhance literacy through derivation skills
- New primary sources expand your experience of the material world
- Revised stories support the understanding of the darker side of Roman history

A new Book 3 continues progression to Latin GCSE and preparation for A Level

Building on the progression of Books 1 and 2, the new Book 3 continues to support language learning through clear and flexible explanation and exercises, giving students everything they need to continue to Latin GCSE and prepare for A Level. Going beyond language learning, this is the only book to guide students through the skills needed to read original Latin works, across different periods and genres, preparing them to study the set texts at GCSE and beyond.
